

The Science Fair Club is supporting Hour of Code Week. The image that you see is of Margaret Hamilton who wrote the code, developing on-board flight software for the Apollo space program. Computer Science Education Week and Hour of Code are happening December 4-10! Join in, write some code this week! And NEXT WEEK, on December 12 during Wildcat Time, the entire school will be taking part in another code-writing session just like we did last year!

Imagine you've somehow become stranded in the woods. The temperature is dropping rapidly. How will you create a shelter to deal with the weather? How will you find and purify water? Create a fire? Find food? Which one of those is most important to deal with first? Come and join the SHS Earth and Outing Club this Saturday at Jesse Folwer Smith Park in Suffield from 10 until 1:30 and learn how to save yourself.

There will be a new cooking club session held after school in the foods room on Thursday, December 14th from 2:15-3:30. If you are interested in cooking and culture, please find Ms. Cossman or Millie Kochman and sign up quickly with the \$4 fee because there is a maximum of 12 people for each session!

The Gaming Club will be meeting this week on Thursday December 7 at 2:15 in the Chorus room and end at 3:30. All students are welcome to attend even if they did not sign up yet.

Attention Math team members, we will have our next our Math Team meeting Wednesday, Dec 6, after school in the media center. See Mr. Janick in room 411 with questions.

The Giraffe Club meeting is Wednesday, December 6th and the Yearbook photo will be taken during this time. No one has signed up for any gifts for our gift drive. We made a commitment to sponsor a Suffield family in need this Christmas and without your donations, the children will go without gifts this year. Gifts are due by NEXT TUESDAY, DECEMBER 12th. The gift list is on the sign up on the Google Classroom page.
