Continuing with messages about our environment, around our school we have ongoing initiatives to better our world, and the Sand Cloud Mission is dedicated to saving marine life through ecological service and fundraising. To help, you can join our Wildcat Times on April 3 and April 6, help us jump start some fundraising, join a beach clean up team, and spread the word. You may also be interested to know that students and teachers who were on the recent SHS trip to Costa Rica participated in a beach clean up project during their stay in that country, helping to protect sea turtle nesting areas. So please stay tuned for ongoing work with this project.

Remember that those interested in Unified Theater can join us today in the auditorium from 2:15 to 3:15. From then on, it's an hour after school every Monday and Wednesday.
